

(b) Amendment to the claims

Please cancel claims 8-16 without prejudice or disclaimer of subject matter.

Kindly add new claims 17-19 as follows. A listing of the claims is as follows.

1-16. (Cancelled)

17. (New) An oligofluorenylene compound represented by the following formula 40a or formula 71b:

18. (New) An organic light-emitting device comprising:
a pair of electrodes comprising an anode and a cathode; and
a light-emitting layer comprising an organic compound, which is sandwiched between the electrodes, wherein the light-emitting layer comprises the oligofluorenylene compound according to claim 17.

19. (New) An organic light-emitting device comprising:
a pair of electrodes comprising an anode and a cathode; and
a light-emitting layer comprising an organic compound, which is
sandwiched between the electrodes, wherein the light-emitting comprises a host material
and a dopant material, and the dopant material comprises the oligofluorenylene compound
according to claim 17.
